
LITIGATION RUMOR

One way you know your company is succeeding is when your competitors start spreading malicious rumors about you. We believe they are nervous and jealous about our technologies such as Policy-Based Recording, Live Video Streaming, Officer Down Emergency Alerts, SmartScene 360™, and Smart Redaction™. Therefore, we dispel the false and silly rumor insinuating that we routinely engage in litigation during the course of competing for business.

Throughout our company's 15-year history, Utility has been involved in only two Request For Proposal (RFP) protest lawsuits. Both lawsuits were validated by Judges and Procurement Officials. Furthermore, Utility has never sued nor been sued by a customer.

Our mission is to provide Police Officers with the best and most trustworthy body-worn and in-car video recording and management technology. We have faith in the procurement process, and our 15-year history reflects that.

If you have any questions, please contact me directly at 404-816-0300.

Sincerely,

Robert S. McKeeman
Chief Executive Officer
